NOTES: A formal Offer of Employment for initial salary placement is based on the information contained on record at time of preparation. As applicable, subsequent salary adjustments may be considered for qualifying years of outside appropriate experience and/or for K-12 education-related degrees. The salary will not be finalized until all official documents, including verifications of employment and all official transcripts have been received and verified. Official transcripts must indicate the degree and conferral date.

In order to receive appropriate salary credit, retroactively to the date of hire, all documents must be received within 45 calendar days after date of hire. Under no circumstances can a retroactive adjustment be considered for documents submitted outside of the year in which you are hired.
