# Campus Comparison

Some interesting comparisons between the two campuses.

- The Founders campus has nearly double the amount of square footage in permanent structures as compared to Quest's current campus.  
47,568/sq ft vs. 25,026/sq ft.
- Quest will be paying \$46,572.45/month or .98/sq ft at the Founders campus or \$1.01/sq ft including the cost of the additional field. That's compared to \$1.75/sq ft under Quest's current lease.
- Quest will be paying \$195,000/year less than Founders was paying for the same space.
- Quest will be paying \$192,000/year less than the lease terms at Torrey Pines (for double the space!)
